Re: 2022 Oscoda County Apportionment Report

Ladies and Gentlemen,

The Oscoda County Equalization Department has prepared this report to present an in-depth analysis of the Oscoda County tax levies as they relate to County, Townships, Villages, Local School Districts, Intermediate School Districts, and Community Colleges. The statutory responsibility of the County Board of Commissioners is contained in Section 37 of the General Property Tax Law, Public Act 206 of 1893 as amended, Section 211.1 through 211.157:

Sec 37 - "The county board of commissioners, either at a session held not later than October 31 in each year or at a special meeting held for a local tax collecting unit that approves under section 44a(2) the accelerated collection in a summer property tax levy of a millage that had been previously billed and collected as in a preceding tax year as part of the winter property tax levy, shall ascertain and determine the amount of money to be raised for county purposes, and shall apportion the amount and also the amount of the state tax and indebtedness of the county to the state among the several townships in the county in proportion to the valuation of the taxable real and personal property as determined by the board, or as determined by the state tax commission upon appeal in the manner provided by law for that year, which determination and apportionment shall be entered at large on county records. The board, at a session held not later than October 31 in each year, shall also examine all certificates, statements, papers, and records submitted to it, showing the money to be raised in the several townships for school, highway, drain, township, and other purposes. It shall hear and consider all objections made to raising that money by any taxpayer affected. If it appears to the board that any certificate, statement, paper, or record is not properly certified or is in any way defective, or that any proceeding to authorize the raising of the money has not been had or is in any way imperfect, the board shall verify the same, and if the certificate, statement, paper, record, or proceeding can then be corrected, supplied, or had, the board shall authorize and require the defects or omissions of proceedings to be corrected, supplied, or had. The board may refer any or all the certificates, statements, papers, records, and proceedings to the prosecuting attorney, who shall investigate and without delay report in writing his or her opinion to the board. The board shall direct that the money proposed to be raised for township, school, highway, drain, and all other purposes authorized by law shall be spread upon the assessment roll of the proper townships, wards, and cities. This action and direction shall be entered in full upon the records of the proceedings of the board and shall be final as to the levy and assessment of all the taxes, except if there is a change made in the equalization of any county by the state tax commission upon appeal in the manner provided by law. The direction for spread of taxes shall be expressed in terms of millages to be spread against the taxable values of properties and shall not direct the raising of any specific amount of money. This section does not apply when section 36(2) 1 applies." Amended by PA 415 of 1994, Sub-Section 1, effective December 29, 1994.

This report is a result of a study performed in each and every class of real property and all personal property in all 6 townships in Oscoda County.

The Equivalent State Equalized Values for Special Act Parcels, i.e. **Act 198** (Industrial Facilities Exemptions) and **Act 255** (Commercial Facilities Exemption) are not part of the C.E.V. (County Equalized Value), for the Apportionment Report.

All county equalized values are subject to review and change by the Michigan State Tax Commission until the fourth Monday in May, when the final order is issued.

The resolution adopting the 2022 Oscoda County Apportionment Report as listed on the following pages.

Respectfully submitted,

Amber Woehlert
